

HAILEY SMITH

PROFILE

Resourceful bootcamp graduate with a solid foundation in JavaScript, Node.js, React, and full-stack (MERN/PERN) development. Drawing on 9 years of leadership and team-training experience as a phlebotomist, I excel in communication and collaborative problem-solving. I'm now seeking an entry-level tech role where I can apply my technical skills and proven leadership to contribute to innovative projects.

TECH STACK

- JS/TS
- Node.js
- PostgreSQL
- MongoDB
- React
- NextJS

KEY SKILLS

- Team Communication
- Drive to Learn
- Web Development
- Frameworks & Libraries
- Database Management
- API Development
- Version Control & Collaboration
- Agile & Collaborative Development

EDUCATION

Coding Bootcamp
Certificate: University of
Utah, 2025

The Odin Project: 6-month
period of independent
study in 2022

Highschool Diploma: SPA,
Salt Lake City, Utah - 2015

PROJECTS / TECHNICAL EXPERIENCE

PERN Stack application: Fantasy Fighter

[Fantasy-Fighter on GitHub](#)

- Crafted a classic turn-based RPG within a 2-week sprint with a team of three.
- Led the design and setup of the database, implemented CRUD operations, managed user authentication, and built RESTful routes.
- Enables players to battle, level up, earn loot, and fight in new levels.

PERN Stack application: Hyrule Compendium

[Cinnlight/Hyrule-Compendium](#)

- Created a Wiki-like experience within a 2-week sprint with a team of four.
- Directed the database structuring, configuration, and maintenance for the application
- Developed and maintained seed scripts for development and production environments, ensuring a smooth and manageable setup.
- Implemented CRUD logic integrated into RESTful routes.
- Enables users to contribute to pages, post in forums, and react to other user's comments.

Throughout these projects, extensive communication helped ensure smooth development and minimal merge conflicts.

PROFESSIONAL EXPERIENCE

Phlebotomist 2016 - Present

- Worked in leadership roles throughout the majority of my experience.
- Developed teaching, leadership, and communication skills.
- Provided exceptional patient care, with a consistent focus on customer service.
